**AIA-CEU Program**

**Length:** One hour

**Credits:** 1 HSW LU

## Hope's AIA Presentation

### *The Renaissance of the Steel Window*

#### **PRESENTATION SUMMARY**

This presentation is designed to explore the evolution of steel windows and doors and broaden one's understanding of the characteristics and the design capabilities associated with the product.

#### **LEARNING OBJECTIVES**

- The evolution of steel windows including the technological innovations in manufacturing processes and materials.
- The characteristics and design capabilities associated with steel as compared to other raw materials commonly utilized in window and door fabrication.
- Typical applications of steel windows and doors in new building construction as well as replacement projects.
